LOANER BIKES - Did you know that you can borrow bikes free of charge to explore Trap Pond State Park? Trap Pond Partners has donated 16 bikes and helmets in different sizes including bikes with baby seats. Loaners are available at the Camp Store located at the campground entrance every weekend April through October, and seven days a week from Memorial Day through Labor Day. This is a family friendly activity where the only expense is the park entrance fee. Stop at the Camp Store to request one or more loaner bikes. **About Trap Pond State Park
And Trap Pond Partners**

Located about 4 miles east of Route 13 on Route 24 in Laurel, Delaware, **Trap Pond** is a priceless natural resource right here in our own back yard. The jewel of **Trap Pond State Park** is the natural stand of bald cypress trees located in and around the Pond. A part of the Chesapeake Bay Watershed, the pond is home to beaver, otter, great blue heron, and many other waterfowl and shore birds. The far reaches of the pond offer a wonderfully wild place best explored by canoe or kayak. It is a local and undeveloped pristine natural environment where one can enjoy flocks of migratory waterfowl while floating among the bald cypress.

Trap Pond Partners is a non-profit, volunteer organization whose mission is to promote the preservation, protection and enhancement of the historical, natural and recreational resources of the park, and to assist in implementing park improvements, educational programs and public relations compatible with the nature of the park. If you enjoy the natural beauty of Trap Pond State Park, become a Partner today. Join us at a Trap Pond Partners meeting in the Baldcypress Nature Center at Trap Pond State Park on the second Wednesday of each month at 7 p.m.
